

ENVIRONMENTAL POLICY

Watercare Technologies (Pvt) Ltd is a pioneer water treatment solution provider, truly committed to protecting the environment by avoiding disposal of wastewater and material waste to the environment and prevent the pollution load elsewhere while ensuring a safe and healthy workplace for our employees.

We are committed to meeting the compliance obligations related to the environment as well as to continually improve the environmental performance with the utmost commitment and dedication of the top management and all the employees.

We shall develop a dedicated organizational culture for sustainable resource use through awareness and training provided to all the employees. By that, we aim to improve our process and environmentally best practices to minimize the raw material consumption, generation of waste and environmental impact by prevention of pollution.

We ensure that the environmental policy is documented, implemented, maintained and communicated to all the employees of Watercare Technologies (Pvt) Ltd and is available to all the parties interested on request.
